REQUEST FOR QUOTATION

Supply of reinforcement steel | RFQ No. LNT/PROC/STEEL/2026/017

ISSUING ORGANISATION	L&T; Construction (Synthetic case study)
ISSUE DATE	02 November 2026
QUOTATION DEADLINE	16 November 2026, 17:00 IST
DELIVERY LOCATION	Project site, Chennai, Tamil Nadu, India
CONTACT	Procurement Department • procurement@example.invalid

1. Purpose and scope

L&T; Construction invites eligible suppliers to submit a firm quotation for high-strength reinforcement steel bars. Suppliers must provide complete technical and commercial information, supporting certificates, delivery commitments and relevant experience.

2. Required material schedule

Item	Description	Grade / Standard	Quantity
1	Reinforcement steel bars, assorted diameters	Fe 500D / IS 1786 preferred	100 MT

3. Mandatory technical submissions

- Manufacturer and product identification
- Grade, applicable standard and mill test certificates (MTC)
- Chemical and mechanical properties
- Product traceability and batch identification
- Confirmation of compliance or a clearly stated deviation list

4. Commercial submission requirements

Quote unit price per metric tonne in INR, taxes, freight, insurance, loading/unloading and other charges separately. State whether the offer is ex-works or delivered. Include validity, payment terms, price basis and exclusions. Provide a landed-cost calculation.

5. Delivery and contractual requirements

State earliest dispatch date, total lead time, delivery schedule and monthly supply capacity. Disclose delay risks and dependencies.

6. Supplier experience and support

Provide years supplying reinforcement steel, up to a maximum of five (5) years for this evaluation exercise. Include comparable project references, approximate supply scope and completion year. Provide quality-claim handling and support contacts.

7. Evaluation framework

Criterion	Weight	Evaluation focus
Technical Capability	30%	Grade, standard, certificates, traceability and technical compliance
Implementation Plan	20%	Capacity, delivery schedule, logistics and readiness
Commercial Value	20%	Comparable landed price and clarity of terms
Security & Compliance	20%	Documentary compliance, quality systems and deviations
Support & Experience	10%	Relevant experience (maximum 5 years), references and support

8. Submission checklist

Submit signed quotation, price schedule, technical datasheet, MTC/sample certificate, delivery plan, company profile, experience declaration and deviations.

9. Important notes

Fictional synthetic RFQ for software demonstration only. It is not an actual L&T; Construction procurement notice or invitation to tender. All names, dates, contacts, project details and values are illustrative.
